**County Rural Beautification Tour Postponed Due to Weather**

Due to the excessive rainfall, the County of Grande Prairie Agriculture Department has announced it has postponed its annual Rural Beautification Tour, originally scheduled for Friday, July 15. The new date has been set for Wednesday, July 27.

“With County road bans at 75%, and many areas having an excess of water, the Agriculture Department felt it was best to delay the tour,” said County of Grande Prairie Agricultural Fieldman Sonja Raven. “We want to ensure all rural areas and gardens we’ll be visiting have a chance to dry out.”

All registrants for the tour will be contacted by phone and advised of the change.
