Crews Remain at Scene of Beaverlodge-area fire

A natural gas fire near Beaverlodge is contained but continues to burn.

The fire is located in a farm tap unit in a farmer's field, four miles west of Beaverlodge on Range Road 110, Township 720. County of Grande Prairie and Town of Beaverlodge fire crews are on the scene along with an ATCO Gas crew.

No one has been evacuated. No injuries are reported. Up to 50 customers could be affected. Valves in the affected pipeline were shut off to isolate the area and reduce the impact.

The cause of the incident is being investigated by the RCMP, ATCO Gas and other agencies, a routine procedure.
