

News Release – For Immediate Release Wednesday, February 22, 2017

County Assessors Beginning Property Re-inspection Next Week

Assessors will be travelling door-to-door during regular business hours in selected areas within the County boundaries starting on Wednesday, March 1 until further notice, to conduct property re-inspections.

CAO Bill Rogan explained, “The County re-inspects properties to ensure all data assessment records are accurate and up-to-date; however, some properties will not be visited because they were already re-inspected recently or nothing has drastically changed to the properties.”

County assessors will be visiting properties within Township 70-72, Range 7 and Township 70-75, Range 8; the hamlets of La Glace and Dimsdale; as well as the Town of Wembley and the Village of Hythe. Refer to the map attached to view the specific areas where assessors will be re-inspecting.

Property re-inspection is a standard policy put in place by the provincial government that requires all Alberta municipalities perform ongoing re-inspections and complete overall inspections of all properties in a five-year term.

County assessors will be wearing photo identification badges. If residents are not home, assessors may leave a door hangar with information to contact the Assessment department. If you have any questions, please contact the County Assessment department at 780-513-3952.

All information collected during the re-inspection is subject to the Freedom of Information and Privacy of Protection Act.
