

Traffic Advisory – For Immediate Release Monday, June 12, 2017

Upgrades to select County subdivision roads begin Wednesday

Starting on Wednesday, June 14, contractors will be microsurfacing the roads in the subdivisions of Pine Valley Estates and Sandy Ridge Estates. The anticipated completion date of these projects is late June, weather permitting.

Over the duration of these projects, traffic may experience delays. Speed will be reduced in the construction zones. As well, traffic may be reduced to a single alternating lane. Motorists are advised to obey all signs, flag persons, exercise extreme caution when travelling through the site and near crews and equipment, and allow extra time for travel.

Please note that all start and completion dates are weather dependent.

Please see attached for project maps. The blue lines indicate where the road construction will be taking place.

The County is investing a total of \$34.4 million in 2017 on capital road projects, and an additional \$20 million over 2017 and 2018 on road improvements in all nine divisions of the County. For a complete list of roads slated for upgrades this construction season, visit www.countygp.ab.ca/roadconstruction.

The County thanks residents and travellers for their patience and cooperation throughout the construction season.
