

Traffic Advisory – For Immediate Release Thursday, February 8, 2018

Range Road 133 north of Highway 43 reduced to single lane for bridge culvert repair

Effective immediately, the Albright Creek bridge culvert located on Range Road 133 north of Highway 43 will be restricted to a single alternating lane to complete repairs until late March.

Over the duration of this project, traffic may experience delays. Speed will be reduced in the construction zone. Motorists are advised to obey all signs, flag persons, exercise extreme caution when travelling through the site and near crews and equipment.

All start and completion dates for culvert replacements are weather dependent.

Please see the attached map to view the location of the culvert replacement.

The County thanks residents and travellers for their patience and cooperation.
