

County of Grande Prairie Sportsplex

News Release – For Immediate Release Thursday, May 9, 2013

Seasonal construction recommencing on the County of Grande Prairie Sportsplex External Grounds

Construction crews have resumed work on the County Sportsplex parking lots and internal road. Paving will commence in the following areas around the Sportsplex over the construction season:

- internal road
- east parking lot
- south parking lot
- Range Road 62
- north parking lot

Simultaneously, groundskeepers will be landscaping County Sportsplex property and growing the grass for all eight athletic fields.

“The County Sportsplex will still be fully operational; however for safety purposes we ask that all traffic and Sportplex users follow all directional barricades and signage; and, practice extreme caution and reduce speed in construction zones,” says Megan Schur, County Parks & Recreation Manager. “We also ask that everyone stay off the outdoor fields and any incomplete landscapes until further notice to ensure they successfully open next spring.”

The road construction is scheduled for completion by the end of construction season, weather permitting. The eight outdoor fields will open in spring of 2014.

The County would like to thank commuters and Sportsplex users for their cooperation and patience during the construction season.

For inquiries regarding County Sportsplex construction, contact Lynette Torgerson in the Public Works department at 780-532-7393. For information on County Sportsplex facilities and programs, contact Ramona Rollins, County Sportsplex General Manager at 780-830-7407 or visit www.cgpsportsplex.com.
