

Traffic Advisory – For Immediate Release Wednesday, May 15, 2019

Overlay work underway in Clairmont Industrial Parks

Contractors are overlaying 11 km of roads in Crossroads North and the Northgate Industrial Park in Clairmont. Overlay work involves the removal of existing pavement and paving a new layer of asphalt.

The anticipated completion date of the project is mid-June, weather dependent.

Traffic may experience minor delays over the duration of the project. Speed will be reduced in the construction zones. As well, traffic may be reduced to a single alternating lane. Motorists are advised to obey all signs, flag persons, exercise extreme caution when travelling through the site and near crews and equipment, and allow extra time for travel.

Please see attached for the project map. The yellow lines indicate where the road construction will be taking place.

The County is investing a total of \$31.1million on capital road and bridge projects this year. New construction this year includes 18.4 km of road surfacing including the paving of gravel roads, surfaced road overlays, and re-construction. For a complete list of roads slated for upgrades this construction season, visit www.countygp.ab.ca/roadconstruction.

The County thanks motorists for their patience and cooperation throughout the construction season.
