

Traffic Advisory – For Immediate Release Friday, September 6, 2019

Upgrades to select County roads and culvert begin next week

Township Road 730 from Highway 724 to Range Road 84 south entrance will be temporarily closed to replace a culvert starting on Monday, September 9 and reopening by September 13, weather dependent. A culvert is an underground steel tunnel that carries stream water.

During the closure, traffic is advised to detour using Township Road 730 west of Range Road 84, and Range Road 84.

On Tuesday, September 10, Range Road 94 from Township Road 750 to Township Road 754 will be temporarily closed until late-September, weather dependent, to reshape the shoulder and road, and strengthen the soil of the road.

During the closure, traffic is advised to detour using Township Road 754, Range Road 92 and Township Road 750.

All start and completion dates for road construction and infrastructure rehabilitation projects are weather dependent.

Please see attached for project maps. The red line on each map indicates the location of the road closure and the green lines indicate the detour routes.

The County thanks motorists for their patience and cooperation throughout the construction season.
