

## **Traffic Advisory – For Immediate Release Monday, March 23, 2020**

---

### **Update: Warm Temperatures Delay Residential Snow Clearing**

Update – residential snow removal has been postponed due to warming temperatures\*\*

If snowfall continues as forecasted, County crews dedicated to residential snow removal will begin clearing roadways in Clairmont from 100 to 113 Avenue tomorrow morning.

According to the County Winter Road Maintenance Policy, residential snow removal starts after 10 – 15 centimeters of snow has accumulated on roadways.

When “No Parking” signs are posted, temporary parking restrictions are effect in the area from 7:00 a.m. and 7:00 p.m.

After finishing in that area of Clairmont, crews will move onto the subdivisions of Whispering Ridge and Westlake Village in Clairmont, then the subdivision of Wedgewood.

When clearing ice and snow from designated residential areas, temporary parking restrictions are put in place 24 hours in advance, when possible, and “No Parking” signage will be posted at entrances to the area. When “No Parking” signs are visible, parking on roadways and streets is not permitted between 7:00 a.m. and 7:00 p.m.

Vehicles left on the street when a parking restriction is in place may be ticketed and/or towed. Residents are reminded to not pile or push snow from their driveways or property onto the roads as it slows the snow clearing process and creates a traffic safety hazard.

People can stay up-to-date on temporary parking restrictions at [www.countygp.ab.ca/parkingban](http://www.countygp.ab.ca/parkingban), as well as by following the County’s social media channels. More information on the County’s snow removal process is available at [www.countygp.ab.ca/snowremoval](http://www.countygp.ab.ca/snowremoval).
