NATURAL TRAIL NETWORK

Enjoy an outdoor adventure on the Pipestone Creek Natural hiking trails. The trail surfaces are made up of original soil as well as naturally occurring tree roots and rocks. Trails will include gentle rolling with short steep sections in some instances and surfaces may be loose in some areas. Look for trail classification levels marked on each trailhead and the trail map.

Caution: Wildlife in the Area

Carry bear spray on your person. Keep pets on leash at all times. Travel in groups when possible. Remove all garbage. Make noise.

Please be aware that there is NO cell phone service in the Pipestone Creek Campgrounds and Trail Network.

Trail Classification

-  Easy – Suitable for every member of the family.
-  Moderate – Suitable for intermediate-level hikers.
-  Difficult– Suitable for experienced hikers only. Substantial elevation gain, and or/difficult terrain.

All visitors are encouraged to bring water, food, extra clothes and bear spray on the trails.

Strollers and pull behind wagons may find it difficult to navigate a trail marked as “Easy”.

These trails are suitable for most visitors with some basic trail experience who are prepared (proper hiking equipment, water and food).

Trail User Guidelines

- No fires;
- Day use only
- No alcohol or cannabis consumption;
- Pets on leash and under control;
- Clean up after your animals. Do not leave dog poop on the trails;
- Do not approach, harass, or feed wildlife. Be Bear Smart;
- Be considerate of others. Avoid making excessive noise;
- Cyclists- please use bell or notify other trail users of your approach
